The Property

Impressive double-fronted house with a spacious layout, traditional interiors and a west-facing garden.

Entering the house on the raised ground floor, the front door opens directly onto a large entrance hall/dining room with double doors flowing through to the fitted kitchen. This floor also contains an elegant drawing room running the entire length of the property, with a double aspect formed by a bay window at the front and a French door at the rear, leading onto the terrace. A guest WC completes this floor.

Thanks to its end of terrace position, this much-loved family home is wonderfully wide. This results in a spacious layout, decorated in a traditional style to suit its grand proportions.

The lower ground floor features another large reception room. This is a more informal space, with a kitchenette, considerable storage, and an ensuite bathroom. This floor also contains a bedroom with French doors leading out into the garden, as well as street and garage access. As a result, it could be used as a separate self-contained flat.

The Bedrooms

The first floor contains a well-proportioned principal bedroom suite, including his and her dressing rooms and a pair of bathrooms. There is one more bedroom on this floor, and another three on the floor above. The second floor also contains a study, a shared bathroom and a separate kitchen, ideal for a live in housekeeper/nanny.

Outdoor Spaces

The property is a double-fronted Victorian villa with a west-facing rear garden. This includes a lawn, planted flowerbeds and paved area for outdoor seating, and it can be accessed from the terrace above. Furthermore, the house is set back from the street, with a front garden giving off-street parking. There is also a garage, providing space for three cars in total.
